

Assign_SLP_MD Assignment flow

Noesy spectrum
Rdc's, chemical shifts,
weights

Order parameter
files, predicted
chemical shift
files

Experimental
measurements

Make input files

Tedious, but
recently much
simplified

Input files,
including
calculated
spectrum

Run genetic
algorithm

Probability
density
statistics figure
of assignment

Optional - Run
statistics program

Run output analysis
program

Text file
with
possible
solutions

Validation
